# EXECUTIVE MEETING SUITES

## THE NEW WAY TO NETWORK

**Executive Meeting Suites** allow organisations to have their own private, semi-private or open meeting rooms right at the heart of the event's networking area which provides the opportunity to capitalise on the quantity of the delegation by holding real-quality, effective and efficient meetings.

Meeting Partners benefit from elevated brand recognition and a piece of real estate to hold focussed conversations in a bustling networking environment - where being easily found and being able to hold discussions beyond a surface level can be challenging.

We come to HBI to both meet with people we know from many different countries and to make new connections. The addition of this space gave us the privacy to catch-up and talk business.

- Sarper Tanli, Managing Director (MEAT), **Mass General Brigham**

# WHAT OUR PARTNERS SAY

It's an amazing conference because you have a good mix of very high-profile participants. You can go and listen to speeches and panellists, but there's also a very big element which is networking — networking with new people and meeting new people who are relevant for business or who widen the horizon in the healthcare sector.

- Angelika Schöchlin, Managing Partner, **Antin Infrastructure Partners**

It's brilliant to be a partner to the conference. Nothing beats getting together in person with partners from across the sector to appreciate different perspectives across the healthcare sector. For us, as a long-term strategic partner and from a financing and advisory perspective, that's a critical touchpoint that can't be replaced.

- Stephen Farrelly, Managing Director, Global Lead Pharma & Healthcare, **ING**

It's the quality of the audience. It is great to see so many faces from all over the world and it truly saves me organising 5 different trips to 5 different countries by myself - instead I can just come to Paris and meet hundreds of clients and friends from across the industry.

- Tobias Kösters, Partner, **L.E.K. Consulting**

I've attended many conferences across healthcare but HBI is really a unique event. Not only are the sessions interesting but you also get the opportunities for networking to connect with the key players and create partnerships that we have to develop together in order to make an impact in healthcare.

- Ana Neves, Global Head of Strategic Marketing, **ZEISS Meditec**

Over the years, HBI has got bigger and better. I have a number of aims and objectives when I come such as meeting with my clients, who will be here anyway, meeting new people, and the content has become more focussed so it's good to learn where the market's going and what's new in the market.

- Hamid Yunis, Senior Partner, **Pillsbury Winthrop Shaw Pittman**
